Verse 1:

A C#m D A C#m D
So tired of running around, chasing my dreams that aren't a reality
A C#m D
I just want to break down and scream
A C#m D A C#m D
I want to come back to You so open Your arms wide for me

Pre-Chorus:

D E D E
It's not how I know I should be living my life so I
D E D E
Lay my dreams down for the hope I have in You

Chorus:

A F#m E
I lay it all down for the joy I know is You
A F#m E
It's all because of You that my faith can be made true
A F#m E
Gonna live my life for You so my love can be made new
A F#m E
It's all because of You
A F#m E
It's all because of You

Verse 2:

A C#m D A C#m D
Please be a lamp to my feet and a light to my path

Keep me running hard for You
A C#m D A C#m D
In this fallen world it's so hard to keep going strong for Your grace

Pre-Chorus:

D E D E
You are what I know should be the shape of my life so I

Lay my dreams down for the hope I have in You
