<b>Verse 1</b>
<b>Chorus</b>
<b>Verse 2</b>
<b>Chorus x2</b>
<b>Outro</b>

capo on four

## **Verse 1:**

*Am*

Rise and fall, wake up and crawl, you wonder at the monotony

Does any of this mean more, does any of this mean more

Laugh and cry, wake up and die, you wonder at the monotony

Does any of this mean more, does any of this mean more

## **Chorus:**

*C G E A*  
Face down, hit ground, where should you look now  
*C G E A FCFC*  
The world knows nothing, driving insanity

## **Verse 2:**

*Am*

Don't you hate doing this alone, don't you hate feeling like an unknown

Aimless this and aimless that

Does any of this mean more, does any of this mean more

Laugh and cry, wake up and die, you wonder at the monotony

Does any of this mean more, does any of this mean more

## **Outro:**

*F C*  
I know where to find the sanity, I know where to find the sanity  
*F C*  
I know where to find your sanity, I know where to find your sanity
